

4G/3G/2G

container lock GPS tracker

UC1

CAREU UC1 is a smart electronic cargo lock and GPS tracker made for sealing doors, also to improve remote asset/cargo tracking and management, and increasing the security against non-authorized unlocking.

UC1 can be used in containers, trailers, trucks, vans, and other assets.

UC1 supports three unlocking methods:

✓ *Mobile phone* ✓ *Fleet management platform*

The tracker also offers multiple alarms to improve asset/cargo safety. UC1 is vibration resistant, it offers IP68 resistance to weather and dust and IK07 for impacts.

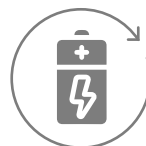

Features

✓ **Made for harsh weather conditions**

- IP68 waterproof and dustproof
- IK07 impact protection test
- IOS181853 shock resistance test

✓ **Long durability**

comes with a rechargeable built-in battery of 6600 mAh

✓ **Real-time warning reports**

In case of vandalism or attempts to remove the tracker, it will send alerts to the Fleet management platform.

✓ **Easy installation**

comes with strong magnets to fix on the container

- ✓ Global real-time GPS tracking
- ✓ Support eSIM
- ✓ Support multiple alerts
- ✓ Multiple unlocking methods
- ✓ Stainless steel wire chain
- ✓ Shear-proof cable detection
- ✓ Easy to install and use
- ✓ Container security tracking
- ✓ Can set 10 groups of unlocked RFID white list
